

***Upgrade Coming Soon!***

***Some big changes are on their way and they will help improve our service to you!***

Like all good things, our system upgrade implementation will take some time. When we close at 6:00 p.m. on Friday, August 31, 2018, we will begin working on our operating system conversion and upgrade. During this time some of our services will be unavailable, however, at the start of business on September 4, 2018, our new system will have advanced and improved technology, exciting new features, as well as improved methods of helping you meet your financial needs.

As the time draws near, we will continue to update you with information in regards to our new system. In the meantime, we ask that you keep an eye out for helpful information on our website, our Facebook page, as well as any other mail outs concerning our transition weekend.

We appreciate you, as well as appreciate your patience as we go through this process. We are excited about our future, as well as to be able to grow with you by offering you the best products and services possible with the latest technology.
